## SUMMARY

As a CDAC graduate proficient in Java 8, MySQL database, and React, I possess a comprehensive skill set for software development. My expertise in Java 8 allows me to excel in backend development, while my proficiency in MySQL enables me to efficiently manage databases. Additionally, my knowledge of React empowers me to create dynamic and user-friendly interfaces for web applications. I consider myself a valuable asset for software development teams tackling diverse projects..

## SKILLS's

Java	: Object-oriented programming, Collections, Multithreading, Junit, Java8 features
SpringBoot3	: Spring Core, Hibernate/JPA CRUD, Rest CRUD API, REST API Security, Spring MVC
React	: State Management, Performance Optimization, Third-Party Libraries (e.g. Axios),Bootstrap5
Software Engineering	: Git, GitHub

## PROFESSIONAL EXPERIENCE (Total Experience - 4.7 Years )

HCLTech Ltd Pune Full Stack Developer	Aug 2022–Present
<div><ul style="list-style-type: none"><li>Successfully led the rebranding efforts of a web application for Siemens client during my tenure at Siemens Industry Software India Pvt Ltd Pune.</li><li>Engaged in various frontend tasks beyond rebranding, showcasing versatility and proficiency in frontend development.</li></ul></div>	<ul style="list-style-type: none"><li>Demonstrated proficiency in utilizing Polarion software for project management, collaboration, and administration tasks, leveraging Java technology through completion of Polarion end-user and administrator training.</li></ul>
Siemens Ltd. Gurgaon Electrical Engineer	Oct 2018–Oct 2021
<ul style="list-style-type: none"><li>Actively worked in an agile environment for finalizing Single Line Diagrams and engaging in network modelling using Siemens's power system analysis software such as PSS@SINCAL, PSSE, and ETAP.</li></ul>	<ul style="list-style-type: none"><li>Engaged in client interactions for data validation and on-call support, ensuring precise representation of power system configurations and efficient issue resolution</li></ul>

## EDUCATION

PG Diploma	Diploma in Advance Computing (DAC), CDAC Noida	Oct 2021-Apr 2022
B.E.	Electrical Engineering ,Dr. D.Y. Patil Institute of Engineering and Technology, Pune.	Jun 2014-Jun 2018

## MY PERSONAL PROJECTS

<b>BusYatra (CDAC Project) -</b> <ul style="list-style-type: none"><li>Implemented user authentication process upon login click using Java and Spring Boot framework.</li><li>Developed user-friendly UI for customer login and logout functionalities using React.</li></ul>	<ul style="list-style-type: none"><li>Designed and developed backend functionality for user authentication using Spring Boot.</li><li>Utilized MySQL Workbench for database management within the online bus ticket booking web application.</li></ul>
<b>Chat Bot -</b> <ul style="list-style-type: none"><li>Chatbot integration project focused on creating a conversational interface leveraging APIs for real-time information retrieval and task execution.</li><li>Utilizes technologies such as HTML, CSS, and JavaScript to develop a user-friendly interface for seamless communication.</li></ul>	<ul style="list-style-type: none"><li>Employs natural language processing techniques to enhance user interaction, providing an intelligent and personalized experience.</li><li>Offers versatile applications across domains like customer support, information retrieval, and task automation, enhancing efficiency and user satisfaction.</li></ul>
